

INEZ CORONA
Second Chance
Marriage & Family Therapist Intern

Inez recently completed her M.A. in Marriage & Family Therapy at the University of San Diego and fulfilled her training requirements at Catholic Charities of San Diego. Before her career as a Marriage and Family Therapist Inez was a program manager for a local family resource center. This position allowed her to realize she would like to provide more direct service to community members. In addition Inez was able to expand her knowledge of local community resources and learn management operations of a non-profit organization such as contract compliance, budgeting, and marketing. Inez also brings ten years of business and leadership experience in the private sector.

At Second Chance Inez contributes to the success of our clients by providing support services to clients and their families. Some of her services include providing therapy, facilitating our relapse prevention and family reunification groups, and providing referral services.
